

03-18

OFFICE OF THE COUNTY EXECUTIVE
ALL-EMPLOYEES MEMORANDUM

DATE: June 13, 2018

EMPLOYEE MEDICAL HEALTH PLAN (EMHP) OF
SUFFOLK COUNTY

IMPORTANT UPDATES - PRESCRIPTION DRUG BENEFITS
Wellmanaged Hyperinflationary Program
(Effective September 1, 2018)

Note: *These changes only apply to Active and Non-Medicare eligible retirees/dependent survivors and their eligible dependents, not Medicare eligible retirees/dependents/dependent survivors enrolled in the Express Scripts Medicare Prescription Drug Plan.*

As part of our continuing effort to provide our members with important updates regarding the Employee Medical Health Plan of Suffolk County (EMHP), the Labor/Management Committee, which oversees the EMHP, announces that WellDyneRx, the Plan's prescription benefits administrator, will be implementing the **Wellmanaged Hyperinflationary Program** effective September 1, 2018, which is designed to improve treatment outcome within disease states where multiple clinical alternatives exist and to direct members to the most clinically effective and cost optimal product. The **Wellmanaged Hyperinflationary Program** also includes the current *Combination of Acid-Reflux Medications* and *Counterirritants* Programs, which have been in effect since November of 2016.

Effective, September 1, 2018, any drugs on the attached Wellmanaged Hyperinflationary Drug List **will no longer be covered**. You may consult with your physician to determine which preferred alternative is appropriate for you. Should you decide **not** to switch to one of the preferred alternatives, you will be responsible for the **full cost** of the excluded medication starting on September 1st.

However, under certain, limited circumstances, an exception to the exclusion will be considered. If your physician decides that you should remain on the excluded medication, he/she must provide a written diagnostic and/or clinical review and statement of medical necessity to continue receiving this medication by contacting WellDyneRx Prior Authorization Department at 866-240-2204. Any questions regarding this program should be directed to WellDyneRx at 866-240-2204.

The attached drug list includes both the excluded medications as well as the alternative medications available at this time. This list is subject to change. Please consult the EMHP website at www.emhp.org or WellDyneRx's website at emhp.welldynex.com for the current "Wellmanaged Hyperinflationary Drug List" and all other drug lists. We recommend that you share this list as well as any additional updated lists with your physicians. Your physician may refer to these lists when prescribing medications.

Dennis M. Cohen
Chief Deputy County Executive
