**UPDATED
EMPLOYEE MASK MANDATE**

In accordance with the Governor's recent announcement regarding indoor masking requirements, as of Thursday, February 10, 2022, employees, regardless of vaccination status will no longer be required to wear a mask indoors.

In an effort to clarify specific questions we've received this morning regarding high-risk operations -- **PLEASE NOTE:** Also per the Governor's announcement --- the Statewide mask requirement is still in effect at State-regulated healthcare settings, State-regulated adult care facilities & nursing homes, correctional facilities, homeless and domestic violence shelters, schools & childcare centers and public transportation.

For further information on Governor Hochul's announcement yesterday, please see:

The County will continue to monitor County-wide rates of infection, variant emergence as well as CDC and NYS Department of Health Guidance. Should it be deemed necessary, the County may revisit this policy in the future.
