

## 2014 Basic Plus Formulary List

The 2014 Basic Plus Formulary drug list is shown below. The formulary is the list of drugs included in your prescription drug benefit plan. Inclusion on the list does not guarantee coverage.

**Please note: Brand-name drugs may move to non-formulary status if a generic version becomes available during the year. Not all of the drugs listed are covered by all prescription drug benefit programs; check our benefit materials for the specific drugs covered and the copayments for your prescription drug benefit program. For specific questions about your coverage, please call the phone number printed on your member ID card.**

**PLEASE NOTE:** This drug list is subject to change so please visit the WellDyneRx website at [emhp.welldynernx.com](http://emhp.welldynernx.com) for the most current list and program criteria.

### Key

[INJ]-Injectable Drug  
[SP]- Specialty Drug  
[PA]- Prior Authorization  
[QLL]- Quantity Level Limits  
[ST]- Step Therapy

Brand Name drugs are listed in CAPITAL letters.  
Example: CELEBREX  
Generic drugs are listed in lower-case letters.  
Example: ibuprofen

**For the member:** Generic medications contain the same active ingredients as their corresponding brand-name medications, although they may look different in color or shape. They have been FDA-approved under strict standards.

**For the physician:** Please prescribe preferred products and allow generic substitutions when medically appropriate.
